

Scrum - Defect #1038

Scrum plugin breaks redmine notification emails

2015-06-21 06:15 - Scott Blair

Status: Resolved	
Priority: Normal	
Category: Issues list & form	
Target version: Scrum v0.11.1	
Source: Customer	Blocked: No
Detected on version: Scrum v0.11.0	Alone: No
Description With Scrum plugin installed Redmine no longer sends notification emails on ANY issue unless there is a comment applied. Actions such as just changing Status, Priority, Assignee, etc no longer send email notifications unless a comment is made in the Notes field. As soon as the plugin was installed it stops working, removing the plugin resolves the problem. Even tested this on a clean install with the same issue. Using Bitnami release of Redmine v3.0.3 with Scrum plugin 0.11.0	
Subtasks: To do # 1039: Fix bug	
Resolved	

History

#1 - 2015-06-21 08:14 - Emilio González Montaña

Confirmed, it should be fixed in next bug fixing release.

#2 - 2015-06-21 08:16 - Emilio González Montaña

Not only email notifications are broken but also fields changes history (ie this issue changes are lost).

#3 - 2015-06-21 10:06 - Emilio González Montaña

- Source changed from Customer to Testing

#4 - 2015-06-21 10:07 - Emilio González Montaña

- Source changed from Testing to Customer

Scott, you should be emailed several times for this defect :) I've updated this site plugin after fixing the defect. Thanks for warning.

#5 - 2015-06-21 11:12 - Emilio González Montaña

Version released, download it & check if problem is solved, thanks.

#6 - 2015-06-22 05:29 - Scott Blair

Thanks for the very quick fix!! That appears to have solved it.
