Description	
<p>I noticed that on Time by Activity the effort and spent time are shown with two decimal values. While on the Sprint Board they can show up to 6 values, like 1,666667</p> <p>So my suggestion is to either round the post-its info aswell, or create a setting on the plugins page to define that value.</p> <ul style="list-style-type: none">• <code>x\scrum\app\helpers\scrum_helper.rb</code> <pre>def render_hours(hours, options = {}) if hours.nil? "" else if hours.is_a?(Integer) text = ("%d" % hours.round(2)) unless options[:ignore_zero] and hours == 0 elsif hours.is_a?(Float) text = ("%g" % hours.round(2)) unless options[:ignore_zero] and hours == 0.0 else text = hours.round(2) unless options[:ignore_zero] and (hours.blank? or (hours == "0")) end unless text.blank? text = "#{text}h" unless options[:link].nil? text = link_to(text, options[:link]) end render :inline => "#{text}" end end end</pre>
