

## Scrum - User story #1053

### Support for user stories that goes beyond the timespan of a sprint

2015-07-24 13:18 - Jess Nielsen

<b>Status:</b> Rejected	
<b>Priority:</b> Normal	
<b>Category:</b> Product backlog	
<b>Target version:</b>	
<b>Blocked:</b> No	<b>Alone:</b>
<b>Description</b>	
I would like support for user stories that goes beyond the timespan of a sprint.	
This means that a user story can be put into several sprints or alternatively stay in the backlog while its tasks are put into more than sprint.	
Installed version is 0.10.	

#### History

##### #1 - 2015-07-24 13:30 - Jess Nielsen

Priority: High!

##### #2 - 2015-07-31 10:44 - Hans de Haan

I fully agree. A user story does not need to be finished after one sprint.

##### #3 - 2015-08-20 22:42 - Emilio González Montaña

- Status changed from New to Rejected
- Sprint set to Product backlog
- Position changed from 77 to 12

I don't see the problem, just move the not finished PBIs to the next Sprint (there is a link to do this in the PBI edit pop-up in the Sprint board), the PBI history will track all of this. Even if the PBI has several tasks and some of them are finished and others don't, the plugin will let the finished ones in the first Sprint and the not closed ones with the PBI in the second Sprint, all automatically if you use the action in the pop-up.
