Have the same issue with redmine 2.6.6 and latest scrum plugin version. Plugin do not see tasks that are attached to sprint/backlog!

Please help!

- Subject changed from *sprint donot show contents and product backlog show repeated menu* to *Sprint doesn't show contents and product backlog show repeated menu*

- Category set to *Sprint board*

- Source changed from *Development* to *Customer*

Attach an screenshot of your plugin settings.

Duplicate menu in PB is not an error, when PB has PBIs, one menu adds new PBIs at the PB top and the other at the bottom.
