Advanced roadmap - Error #1109

Issues missing from the Roadmap when using Sub-Issues

2015-09-22 11:39 - Dmitry Led

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Roadmap		**Estimated time:**	0.00 hour
Target version:				
Source:	Customer		**Redmine version:**	Redmine 3.1.0
Detected on version:	Advanced roadmap 0.9.0			

Description

Based on the discussion from [List of all issues related to version](#)

Description

When issues are arranged hierarchically, the sub-issues are missing from the roadmap.

Reproducible with

Set-up:

Version1
Version2

Issue1
Issue11
Issue12
Issue2

Relations:
Issue11->Issue1 (Parent)
Issue12->Issue1 (Parent)
Issue1->Version2
Issue11->Version1
Issue12->Version1
Issue2->Version1

Issues:

✔	# ▼	Tracker	Status	Parent task	Target version
☐	6	Feature	Closed		V1
☐	5	Feature	In Progress	Feature #3	V1
☐	4	Feature	New	Feature #3	V1
☐	3	Feature	New		V2
