

Scrum - Defect #1122

Error al abrir estadísticas de Scrum en la página principal

2015-10-23 15:06 - Nicolas Arenas

Status: New	
Priority: Normal	
Category:	
Target version:	
Source: Development	Blocked: No
Detected on version: Scrum v0.13.0	Alone:
Description	
Al intentar abrir la página de estadísticas de scrum en la página principal de un proyecto obtenemos un error 500.	
En el log tenemos esta salida:	
<pre>Started GET "/projects/qindel-qvd/scrums/stats" for 172.26.8.101 at 2015-10-23 14:40:35 +0200 Processing by ScrumController#stats as HTML Parameters: {"project_id"=>"qindel-qvd"} Current user: narenas (id=39) Completed 500 Internal Server Error in 23ms (ActiveRecord: 2.6ms) NoMethodError (undefined method `allowed_to_view_all_time_entries?' for #<User:0x007f994ede8340>): vendor/bundle/ruby/2.2.0/gems/activemodel-4.2.3/lib/active_model/attribute_methods.rb:433:in `method_missing' plugins/scrums/app/controllers/scrums_controller.rb:301:in `stats' vendor/bundle/ruby/2.2.0/gems/actionpack-4.2.3/lib/action_controller/metal/implicit_render.rb:4:in `send_action' vendor/bundle/ruby/2.2.0/gems/actionpack-4.2.3/lib/abstract_controller/base.rb:198:in `process_action' vendor/bundle/ruby/2.2.0/gems/actionpack-4.2.3/lib/action_controller/metal/rendering.rb:10:in `process_action' vendor/bundle/ruby/2.2.0/gems/actionpack-4.2.3/lib/abstract_controller/callbacks.rb:20:in `block in process_action' vendor/bundle/ruby/2.2.0/gems/activerecord-4.2.3/lib/active_record/callbacks.rb:115:in `call' vendor/bundle/ruby/2.2.0/gems/activerecord-4.2.3/lib/active_record/callbacks.rb:115:in `call' vendor/bundle/ruby/2.2.0/gems/activerecord-4.2.3/lib/active_record/callbacks.rb:553:in `block (2 levels) in compile'</pre>	
Parece que <code>allowed_to_view_all_time_entries</code> no está definida.	
La versión de ruby que usamos es : ruby 2.2.1p85 (2015-02-26 revision 49769) [x86_64-linux]	
Versión de rails : Rails 4.2.3	
Parece que con este pequeño parche se soluciona, pero no soy desarrollador de Ruby, así que no tengo muy claro si puede afectar a algo más.	
<pre>--- scrums_controller.rb.orig 2015-10-23 14:52:06.404252135 +0200 +++ scrums_controller.rb 2015-10-23 14:48:04.300252135 +0200 @@ -298,7 +298,7 @@ class ScrumController < ApplicationController end def stats - if User.current.allowed_to_view_all_time_entries?(@project) + if defined?User.current.allowed_to_view_all_time_entries?(@project) cond = @project.project_condition(Setting.display_subprojects_issues?) @total_hours = TimeEntry.visible.where(cond).sum(:hours).to_f end end end end</pre>	
Saludos y gracias por el esfuerzo.
