Tooltips in burndown chart hidden behind SVG image

Detected on version:	Scrum v0.13.2	**Alone:**		

Description
The tooltips on the burndown chart are hidden behind the SVG image (at least in Firefox 45.0.2).
Expected behaviour is, that the tooltips are shown above the image.
I created a tiny patch, that adds a "z-index: 10" to the ".graphic-tooltip" class in the "scrum.css" stylesheet. The number 10 is the lowest number that works.
