**Description**

Sort the versions list into the milestones management table view.

### Associated revisions

**Revision d7fff885 - 2009-07-13 06:37 - Emilio González Montaña**

#116

- Sort versions in milestone management view.

**Revision 7552aefb - 2009-07-13 06:39 - Emilio González Montaña**

#116

- Don't need to replace the array, so changed the sort! method to sort one.

### History

**#1 - 2009-07-13 08:34 - Emilio González Montaña**

*- Due date set to 2009-07-13*

*- Status changed from In progress to Resolved*

*- % Done changed from 0 to 100*

The sorting with sort method wasn't enough, because the normal version sort method was called, so the versions where sorted first by date, and then with name, but into the milestones management view only the named sorting was needed.

So the sort has been called like this:

```
milestone.versions.sort! { |a, b| a.name.downcase <=> b.name.downcase }
```
