

Scrum - User story #1195

Assign users to a task directly from the springboard

Status: New	
Priority: Normal	
Category: Sprint board	
Target version:	
Blocked: No	Alone:
Description	
It would be great to have the following feature:	
<ul style="list-style-type: none">- On the right side a list of users in the spring- Drag&Drop a user on a task add the user (assign) the user to the task	
Also:	
<ul style="list-style-type: none">- Add a checkbox on the side, "auto assign to 'me' when start task", that would auto assign a task to the user that moves a task from "New" to "In Progress"
