Description

Hi,
We are using Scrum 0.14.0 on top of Redmine 3.3.0. The problem I noticed lies in the fact that assignee personal details are too long to fit into this small sticker box. As a result assignee surname is moved to the next line and since overflow is set to hidden (the .post-it class), it's not visible. This may be ok in most cases, but when there are more than one person with the same name in a team, the stickers are misleading.
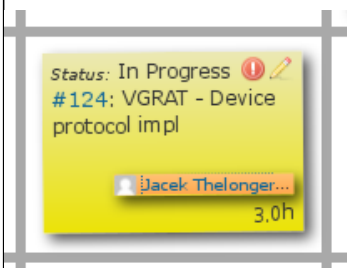

This is how sticker with a long personal (e.g. Jacek Thelongernamer) details are rendered:

If I disable overflow we can see that surname is rendered line below:

What I suggest to make this more readable is to modify this sticker class to include text-overflow set to ellipsis and white-space set to nowrap. This will result in:

The above attributes needs to be added to the selector:

```
374 .doer-post-it, .reviewer-post-it, .blocked-post-it {
375        height: 1.3em;
376        font-size: 0.8em;
377        margin-top: 2px;
378        text-align: left;
  +        text-overflow: ellipsis;
  +        white-space: nowrap;
379 }
```

It has to be done in file:

`plugins/scrum/assets/stylesheets/scrum.css`

I would change this by myself but I read this [comment](#) on the forum about no contribution to project source code. It's sad since there are fixes we can do on our own to make this plugin better.

Subtasks:	
To do # 1204: Apply & test provided patch	**Resolved**

History

#1 - 2016-09-29 15:37 - Bartosz Firyn

This should be a Bug, not User Story. Sorry.

#2 - 2016-10-06 22:06 - Emilio González Montaña

- Tracker changed from User story to Defect

- Status changed from New to In progress

- Sprint set to Sprint 29

- Source set to Development

- Detected on version set to Scrum v0.14.0

In deed you provided a patch (in a graphical way), for future issues you could attach to the issue a patch file.

Thanks for the idea & solution!

#3 - 2016-10-06 22:20 - Emilio González Montaña

- Status changed from In progress to Resolved

#4 - 2016-11-15 00:36 - Emilio González Montaña

- Subject changed from Assignee personal details on sprint stikcer not displayed correctly to Assignee personal details on sprint sticker not displayed correctly
