<b>Target version:</b>		
<b>Blocked:</b>	No	
<b>Alone:</b>		
<b>Description</b>		
<p>As a Redmine user I would like to have an ability to display total Pending Effort on the issues list so I can group by Assignee and verify if Pending Effort per specific team member is not too high for him.</p> <p>1. Use Case</p> <p>Currently there is an possibility to summarize total Story Points in issues list however it's not important when grouping is done per Assignee. In such a case Pending Effort really matters.</p> <p>1. Go to Issues 2. Expand Filter Options 3. Group results by Assignee 3. In Total select "Pending Effort" 4. The list is updated to display "Pending Effort" total near the assignee name</p> <p>(see attached image for more details)</p>
