| **Source:** | Development | | **Blocked:** | No |
| **Detected on version:** | Scrum v0.15.0 | | **Alone:** | |

### Description

Hi,

The problematic scenario is the following:

- Create new issue and leave "Pending Effort" field **empty**
- Save it by clicking on "Create" button
- Edit issue and change "Pending Effort" from **empty** to **20**
- Save it by clicking on "Submit" button
- Observe:
    - The "Pending Effort" field was not updated to **20** and it's still **empty** (not expected).

The only solution for this is to delete such issue and re-create it again.

---

## History

Hi Emilio,

This problem exists. Let me clarify in more details what are the steps required.

1. Create task and **put it in the next sprint** (not backlog and not empty field). This is important. You have to put it in the next sprint since if you create task in backlog or leave sprint empty, then everything works fine. I was testing on a sprint which start in next 3 days.
2. Provide no Pending Effort field and **leave Pending Effort field empty**.
3. Save
4. Edit issue and modify Pending Effort (to e.g. 1),
5. Save
6. Observe:
    - Pending Effort field is not updated from empty to 1.
    - No history modification is present.

*- File 4.png added*

Just FYI, I testes several combinations and only these where I assign to next sprint are failing.

**Subtasks**                                                                                    Add

Task #635: Test 1, no assignee, no sprint                  Planned          Bartosz Firyn
Task #636: Test 2, no assignee, backlog                    Planned          Bartosz Firyn
Task #637: Test 3, no assignee, sprint 49                  Planned          Bartosz Firyn
Task #638: Test 4, no assignee, sprint 49, attempt 2       Planned          Bartosz Firyn
Task #639: Test 5, assign to me, no sprint                 Planned          Bartosz Firyn
Task #640: Test 6, assign to me, backlog                   Planned          Bartosz Firyn
Task #641: Test 7, assign to me, sprint 49                 Planned          Bartosz Firyn
Task #642: Test 8, assign to me, sprint 49, attempt 2      Planned          Bartosz Firyn

**#4 - 2016-12-02 17:43 - Bartosz Firyn**

I just tested v0.16.1 and I confirm that **problem is still present**.
