<b>Description</b> The behaviour described in <a href="#">#1278</a> is very useful, but I miss spent time management when trying to use it. This is my enhancement proposal for Simple PBIs: <ul style="list-style-type: none"><li>• Provide "clock" icon to record spent time (like Tasks).</li><li>• Include "pending effort" field (like Tasks).</li><li>• Render Total and Pending effort (like PBIS with subtasks).</li></ul>
