

Scrum - Defect #1512

Blocked flag

2017-11-30 16:18 - Maurizio Bruccoleri

Status:	Rejected		
Priority:	High		
Category:	Sprint board		
Target version:			
Source:	Customer	Blocked:	No
Detected on version:	Scrum v0.18.2	Alone:	No
Description			
Hi, blocked flag didn't change to "False" if all dependencies "Blocked by" are resolved.			

History

#1 - 2017-12-02 09:16 - Emilio González Montaña

Can't reproduce it, please more details/steps...

Can't reproduce it, please more details/steps...

Here steps to reproduce:

1. create a PBI
2. create one task linked to PBI
3. create second task linked to PBI
4. edit second task setting blocked flag and add a relationship "Blocked by" to first task
5. move first task to resolve status

expectation: when first task has resolved status (as per plug-in configuration for closure value) second task has to change blocked flag to false

actual result: blocked flag remain to true.

Best regards,
Maurizio Bruccoleri

- Status changed from New to Rejected

Sorry but you misunderstood this feature.

Blocked feature is just a way of signaling a task/PBI visually in the panel, it's not related at all with issues relations.

Regards.

Oh... thanks

In any case it could be an interesting new feature, no? :)

BR
Maurizio
