I have noted this problem too. It would be of great help if we get a patch for the missing datepicker

#2 - 2017-12-23 21:31 - Emilio González Montaña

- Detected on version deleted (Scrum v0.18.0)

- Source deleted (Development)

- Target version set to Scrum v0.18.2

- Status changed from New to Resolved

- Category set to General

- Tracker changed from Defect to User story

This was caused by a change in Redmine v3.3 or greater.

Now date pickers in post-its & Sprint form should work in all supported Redmine versions.

#3 - 2018-01-19 11:17 - Redmine Smile

Ola, there is a typo in the source code, triggered for Redmine versions <3.3.0.

I am providing a patch to fix that.
