Backlog sort impossible because of dependency : show dependent id in message

2017-12-26 11:17 - Redmine Smile

Status:	New		
Priority:	Normal		
Category:	Product backlog		
Target version:			
Blocked:	No	Alone:	No
Description			
When sorting the Backlog, if a dependency makes that the sort is impossible, a message is displayed in a popup.			
I would be interesting to give the ids of the dependent issues that forbid the sort.
