

Scrum - Defect #1531

As a User, I am able to move a task from In Progress to Review even when the 'Blocked' custom field says 'Yes'.

2018-01-15 08:03 - Shreyas Moolya

Status: Rejected	
Priority: High	
Category: General	
Target version:	
Source: Customer	Blocked: No
Detected on version: Scrum v0.18.2	Alone: Yes
Description Hi, I am using redmine since an year. Recently few months back I downloaded this plugin 'Scrum'. When I was using this plugin, the task status was marked as In Progress when the 'Blocked' custom field value was set to 'Yes' which shouldn't be the case. In such a case a user should not be able to make any changes in Redmine until the user sets the 'Blocked' value to 'No'. Kindly revert

Hi,

I am using redmine since an year. Recently few months back I downloaded this plugin 'Scrum'.
When I was using this plugin, the task status was marked as In Progress when the 'Blocked' custom field value was set to 'Yes' which shouldn't be the case.

In such a case a user should not be able to make any changes in Redmine until the user sets the 'Blocked' value to 'No'.

Kindly revert

Thanks for taking up this Defect in your plan.

#2 - 2018-04-21 16:25 - Emilio González Montaña

- Target version deleted (Scrum v0.19.0)

- Status changed from New to Rejected

Blocked field purpose is just an easy way to find impediments in the Sprint or things to be solved during PB refinement... it's not related with issues workflow.

I'm starting to feel sad rejecting your issues, please continue creating issues & thanks for your ideas in any case...
