<b>Description</b>			
Hi,			
we use Redmine in Version 3.4.7 and the Scrum Plugin in 0.18.0.			
We've found ab bug, by booking effort on a Story-Task. There is limited space in the displayed box (see annex screenshot)). if more than four users edit the task or book some effort, the username overlap the "effort book button" . Do you have any idea to solve it?			
thx.			
Best regards, Michael

- Target version deleted (Scrum v0.19.0)

Under typical usage a task post-it is done by 1 or 2 users, and 1 reviewer, why do you need such a huge amount of people to implement a task?
