

Scrum - Defect #1593

Displaying backlog for developers generates an error

2021-01-21 15:22 - Johan Dahl

Status:	New		
Priority:	Normal		
Category:	Product backlog		
Target version:			
Source:	Development	Blocked:	No
Detected on version:	Scrum v0.22.0	Alone:	No
Description			
Hi			
I have developers which has the right to view but not change the backlog. However the get this message:			
<pre>Internal error An error occurred on the page you were trying to access. If you continue to experience problems please contact your Redmine administrator for assistance. If you are the Redmine administrator, check your log files for details about the error.</pre>			
Back			
In the log the following error is generated:			
<pre>Started GET "/product_backlog/4" for ***** at 2021-01-21 15:14:02 +0100 Processing by ProductBacklogController#show as HTML Parameters: {"id"=>"4"} Current user: **** (id=20) Rendering plugins/scrum/app/views/product_backlog/show.html.erb within layouts/base Rendered plugins/scrum/app/views/help/product_backlog/_board.html.erb (0.1ms) Rendered plugins/scrum/app/views/help/_support.html.erb (0.2ms) Rendered plugins/scrum/app/views/help/_help.js.erb (0.1ms) Rendered plugins/scrum/app/views/help/_help.html.erb (1.2ms) Rendered plugins/scrum/app/views/common/_scrum_backlog_menu.html.erb (3.6ms) Rendered plugins/scrum/app/views/post_its/product_backlog/_head.html.erb (1.2ms) Rendered plugins/scrum/app/views/product_backlog/show.html.erb within layouts/base (5.2ms) Completed 500 Internal Server Error in 59ms (ActiveRecord: 10.9ms)</pre>			
<pre>ActionView::Template::Error (unable to convert unpermitted parameters to hash): 1: <tr valign="top"> 2: <td width="300px"> 3: <div class="tabular"> 4: <%= filtered_params = params.to_h.symbolize_keys.except(:controller, :action, :id) -%> > 5: <p> 6: <label><%= l(:label_product_backlog) %></label> 7: <%= options = product_backlog.project.product_backlogs.collect{ other_product_backlog </pre>			
<pre>plugins/scrum/app/views/post_its/product_backlog/_head.html.erb:4:in `_plugins_scrum_app_views_post_its_product_backlog__head_html_erb___4477036259894228913_70123903873960' plugins/scrum/app/views/product_backlog/show.html.erb:6:in `_plugins_scrum_app_views_product_backlog_show_html_erb___2537256310984121165_70123905021700' lib/redmine/sudo_mode.rb:65:in `sudo_mode'</pre>			
I doesn't matter if I give them the right to edit the backlog. However if I give them the right Manage Sprints will it work. But I don't want them to have this right.
