Scrum - User story #1611

Would like to Filter by assignee in Product backlog

Description

Hi,

We started using your scrum plugin in a team of 3 software developers and like it much.
Since we are quite a small team, each one of us three is heavily specialized on one topic.
For working with the Product backlog view, it would help us if there were a possibility to filter the PBI's by assignee.
Is this a request you could consider for future versions?

Best Regards

Tristan

I have applied your commit to our productive environment until the next regular plugin version is out and a normal update due.
Many thanks Emilio.
