Target version:	Advanced roadmap 0.2.1	Redmine version:	
Source:			
Detected on version:			

Description

Using Redmine Trunk rev. 3764

Advanced Roadmap is incompatible with the relatively new subtasks feature in Redmine, in two ways:

1. The file `app/views/issues/show.rhtml` conflicts with display of subtasks -- causes them to not appear on issue pages.
2. The "% Done" calculation in the Advanced Roadmap does not take into account auto-calculated % Done that Redmine does when there are subtasks.

Associated revisions

Revision 96928cf4 - 2011-01-16 23:18 - Emilio González Montaña

#289

- Fix compatibility with Redmine subtasks.

History

#1 - 2010-06-03 00:26 - Joel Nordell

Update -- point 2 above is incorrect -- the "% Done" calculation does use the auto-calculated value, BUT there is still a bug. % Done appears blank in the Advanced Roadmap if the estimated time is blank. Adding a time estimate to the task (even if the estimate is 0) fixes the % Done field.

#2 - 2010-08-24 15:00 - Ciccio Super

Redmine 1.0.1

Advanced roadmap 0.1.0

The "Due in" total makes the total on **all** issues, tasks and subtasks!

2. The "% Done" calculation in the Advanced Roadmap does not take into account auto-calculated % Done that Redmine does when there are subtasks.

Agree. with 1) and 2)

It also does not show the issue parent (if the issue is a sub-task, of course).

#4 - 2010-09-14 17:11 - Anonymous

I have found a solution. to 1)

I have modified:

`app\views\issues\show.rhtml`

and now it shows subtasks and the parent issue (also allows to add subtasks)

#5 - 2010-09-14 18:28 - Anonymous

- File show.rhtml added

if forgot to add the file :P

#6 - 2010-12-10 08:15 - Emilio González Montaña

- Target version set to *Advanced roadmap 0.2.1*

- Start date deleted (*2010-06-02*)

In the new version version:0.2.0 the show.rhtml has been updated from the Redmine version 1.0.4, so the children issues problem must be solved.

I will check the other issues about totals with child issues when I have time...

#7 - 2011-01-16 22:38 - Emilio González Montaña

- Subject changed from *Plugin is incompatible with subtasks in Redmine Trunk* to *Plugin is incompatible with subtasks since Redmine v1.0.0*

- Status changed from *New* to *In progress*

- Assignee set to *Emilio González Montaña*

- Priority changed from *High* to *Normal*

- Start date set to *2011-01-16*

A lot of things have to be checked in order to make the plugin compatible with this feature (subtasks).

#8 - 2011-01-17 00:18 - Emilio González Montaña

- Due date set to *2011-01-17*

- Status changed from *In progress* to *Resolved*

- % Done changed from *0* to *100*
