| Advanced roapMap look very interristing. But could we have a documentation or help . |        |                        |            |
| I don't understand all notion of milestones.   |        |                        |            |
| a Milestone is included in a version ?   |        |                        |            |
| A milestone have a date --> what is this date ?                                      |        |                        |            |
| Could we attached a issue with a milestones ?  |        |                        |            |

I have understand that a milestone is attached with one or many versions.  
With a example :  
Issue 1 attached with version 1  
Issue 2 attached with version 1  
Issue 3 attached with version 2  
Issue 4 attached with version 3  
milestone 1 is attached with version 1 et 2  
so  
milestone 1 have issue 1,issue 2 ans issue 3  
  
Is that right ?
