<b>Description</b>			
When I try to attach a file redmine returns this error:			
undefined method `attach_files'			
My redmine version 1.1.1			

### History

#### #1 - 2011-02-23 12:38 - Luis Serrano

I have changed attach\_file to Attachment.attach\_files in the file doc\_elements\_controller.rb and when I try to atach the file redmine returns another error:

undefined method `original\_filename' for....

Thanks for your work

I haven't tested this plugin since several months ago, I don't think it will work without any integration effort with the new Redmine versions (1.x.x).
