Advanced roadmap - Error #578

Bug in issues_controller_patch.rb with newest Redmine

2011-09-28 20:07 - Marton Danoczy

Status:	New	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Emilio González Montaña	**% Done:**	0%
Category:	Permissions	**Estimated time:**	0.00 hour
Target version:			
Source:	Development	**Redmine version:**	
Detected on version:	Advanced roadmap 0.5.1		

Description

When showing an issue, Redmine displays an error message. The log file shows:

```
redmine/vendor/plugins/advanced_roadmap/lib/advanced_roadmap/issues_controller_patch.rb:14: warning: multiple values for a block parameter (2 for 1)
```

Probably caused by [#508](#), since if I comment out the whole if-permissions block, everything works.

History

#1 - 2011-10-20 11:09 - Emilio González Montaña

- Target version changed from Advanced roadmap 0.5.2 to Advanced roadmap 0.6.0

- Start date deleted (2011-09-28)

Please, provide more details of error conditions to let me replay it.

#2 - 2011-10-20 11:24 - Marton Danoczy

Well, I created a milestone, assigned some version to it. The I created an issue and set its version. Bam!

#3 - 2011-10-22 14:37 - Emilio González Montaña

Please, fill **Redmine version** field.

#4 - 2011-10-22 14:38 - Emilio González Montaña

I've tested on Redmine v1.2.0 and it works perfectly, attach the full request log, not only the last line error.

#5 - 2012-06-11 01:06 - Emilio González Montaña

- Target version deleted (Advanced roadmap 0.6.0)
