

Advanced roadmap - Error #646

Bug in Roadmap configuration settings within Redmine

2012-03-30 16:15 - Claire Mouton

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Configuration	Estimated time:	0.00 hour
Target version:		Redmine version:	Redmine trunk
Source:	Development		
Detected on version:	Advanced roadmap 0.5.1		

Description

Redmine does not keep the settings selected in the right-hand menu.

For instance, if I deactivate one feature (e.g "Bug"), I click on Apply : the Bug Issues disappear as expected from the Roadmap.

But as soon as I move to another page and come back, the configuration is back to the original (e.g. Bug Issues appear once again).
