Has duplicate Scrum - Defect #847: Calendar shows 500 after install

Resolved

History

#1 - 2014-11-19 09:46 - an li

This issue also exists in scrum 0.7.1.

#2 - 2014-12-17 08:43 - an li

- File product backlog-date calendar not shown.png added

I tested again in ie explorer, I found in product backlog, date calendar is not shown, but sprint board is normal, plz check the attachment pic. !product backlog-date calendar not shown.png!

- Has duplicate Defect #847: Calendar shows 500 after install added

#4 - 2015-01-23 19:54 - Emilio González Montaña

- Status changed from New to Rejected

Duplicated by #847.

#5 - 2015-01-26 08:04 - an li

It is not the same defect which #847 shows, it is another bug, have you checked that? I tested, in product backlog, if click to the quick button of user story, the start date and end date cannot be selected.

#6 - 2015-01-26 08:04 - an li

Please check the pitcures I attached to the issue, it is not repeated issue with #847.
