

Scrum - User story #925

Burn down chart data can be filtered by redmine fields

2014-12-17 03:14 - an li

Status: Rejected	
Priority: Normal	
Category:	
Target version:	
Blocked:	Alone:
Description As a user, I want to filter the data displayed in the chart, for we have 2 groups in 2 cities with coworking way, I want to filter our groups burndown chart with track, subject, or other fields. The attachment shows similar effect which I expected.	

History

#1 - 2014-12-17 07:30 - Emilio González Montaña

- Status changed from New to Rejected

One group one Redmine project (one product backlog, one current Sprint...). The plugin is not prepared to support several teams in the same project.
